

OUTBREAK INVESTIGATION QUESTIONNAIRE

Instructions: Develop a set of questions to use for the purposes of gathering information from the individuals involved in this outbreak. Use the space below to write each question; you will use this sheet during face-to-face interviews.

Note: Not all questions need to apply to all case individuals, but all questions should be written to elicit a response that contains facts, rather than a yes/no or opinion.

QUESTIONS

1. Example of a good question: Which lunch period had the highest number of affected students?
2. Example of a question that will be less useful: Where did you eat lunch today?
3. _____
4. _____
