Who is Envision?

Envision provides academic programs in numerous categories, including STEM, medicine, law, government and leadership, business administration, entrepreneurialism, culinary arts, engineering, and aerospace. Programs are typically held during summer (May-August) in many cities across the United States as well as China, Australia, South Africa, and New Zealand.

Envision's programs are developed by educators and subject-matter professionals and are accredited by the International Association for Continuing Education and Training (IACET) and the Southern Association of Colleges and Schools Council on Accreditation and School Improvement (SACS CASI).

Using innovative tools and techniques, our activities mirror real-world challenges and facilitate critical thinking and communication among the groups. Envision Advisors are trained teachers and subject-matter experts who love making a real impact—so much so that they come back year after year. To date, over 800,000 exceptional students have benefited from the transformational experiences Envision programs provide.

Envision programs are innovative, safe, fun, empowering, and enable students to:

Discover Their Passion

Explore a Career

Realize Their Dreams

More information about Envision can be found at EnvisionExperience.com

What is NYLF Business Innovation?

The National Youth Leadership Forum (NYLF): Business Innovation – 7 Days to Startup provides high-achieving high school students with extraordinary opportunity to gain essential entrepreneurial skills while staying on the campus of the second-oldest Ivy League school and one of the most prestigious colleges in the world – Yale University.

Over six exciting days, students will discover their passion for entrepreneurship and innovation through the program's interactive curriculum and simulation exercises. They will learn how to construct a business model, gain insights and personal accounts from keynote speakers, and compete against their peers to develop the next great business.

Why should I or my child attend this program?

It is no secret that the world is changing. Due to rapid advancements in technology and automation, the jobs of yesterday are no longer the jobs of today, and the jobs of today are unlikely to be the jobs of tomorrow.

We are already seeing the educational impact of this technological shift. While diplomas and degrees served their holders so well in the past, more and more they are being seen as insufficient by many employers because students are taught theory but not practice.

Founded on a 21st-century curriculum and learning techniques, NYLF Business Innovation provides students with hands-on learning opportunities that challenge them to think in new ways and helps them establish and grow the life-ready skills that will allow them to succeed in our ever-evolving world and economy, all in an engaging and exhilarating atmosphere.

"This program exceptionally prepared me for the business world and gave me the insight that I so dearly needed to begin my own start up. This program was essential in making me ready for the real world."

- Samuel, NYLF Business Innovation Alumnus

"This program gave me more confidence in a group of people where I was initially intimidated. I learned to be more comfortable with myself but at the same time push myself to achieve my greatest potential."

- Ally, NYLF Business Innovation Alumna

How much does it cost to attend NYLF Business Innovation?

A number of factors determine the pricing of our programs, including location, length of program, and complexity of curriculum. For NYLF Business Innovation, tuition starts at \$2,995, and we have payment plans available. More information on the cost of attending the program can be found at NYLFinnovate.com/info

To ensure that more students have the opportunity to attend our programs, Envision does offer a limited number of scholarships based on financial need, scholastic merit, and leadership achievement. Submission of a scholarship application is required to be considered for an award.
