## What is JrNYLC?

The Junior National Young Leaders Conference (JrNYLC) empowers middle school students to become the next generation of leaders by helping them develop and sharpen their leadership skills while gaining inspiration from influential leaders throughout American history.

Sessions are held in the Washington, DC metro area. While at the program, students enjoy six days of engaging activities, including a simulation that allows them to work towards creating positive change in their communities. They participate in daily leadership meetings to reinforce their interpersonal skills, develop a strong character, enhance their presentation skills, utilize problem-solving abilities, and identify personal strengths. During this time, students will also be visiting the US Capitol and several monuments, memorials, and museums to see firsthand how strong leadership can make a lasting, positive change, all while making new friends and enjoying unforgettable adventures.

## Why should I or my child attend this program?

It is no secret that the world is changing. Due to rapid advancements in technology and automation, the jobs of yesterday are no longer the jobs of today, and the jobs of today are unlikely to be the jobs of tomorrow.

We are already seeing the educational impact of this technological shift. While diplomas and degrees served their holders so well in the past, more and more they are being seen as insufficient by many employers. More than ever, it is essential that students gain tangible skills that set them apart from their peers; the kind of life-ready skills that can't be automated.

Founded on a 21st-century curriculum and learning techniques, JrNYLC provides students with hands-on learning opportunities that challenge them to think in new ways and helps them establish and grow essential skills that will allow them to succeed in our ever-evolving world, all in an engaging and exhilarating atmosphere.

"When I picked my daughter up she was so happy and exuded such confidence. This was her first sleep away, and she had a wonderful time. From the Leadership Focus Groups and simulations to the new friends she made to the field trips that she went on to places that she had never seen or been to before. It all culminated in her expanding her horizons and helping her grow and develop into a more well-rounded version of herself!"

- Helen P, Mother of JrNYLC Alumna

"I was so happy to see how excited Roger was when I picked him up. The ride home was full of him telling me all about the great monuments he saw. I was most impressed with his drive to be successful. He said he wanted to make it to the top and had a lot of work to do but he was going to get there. He has drive and goals now with increased self-confidence. He wants to look at other programs and attend each year!"

- Madonna C, Mother of JrNYLC Alumnus
